BOLT Genie Y601

*A new **AI era begins***

AI Powerhouse
Intel® Core™ Ultra with a 48 TOPS NPU

Extended Lifespan
Reduces electronic waste
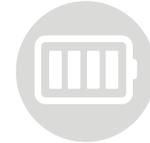

Long Battery Life
Up to 12h

BOLT Genie Y601 offers a seamless experience that elevates productivity and creativity. With a turbocharged NPU, everything feels instant, from everyday tasks to demanding projects, for smooth, reliable performance throughout the day.

The top of the line NPU, with 48 TOPS, allows you to run your AI apps locally, and to offload tasks from your CPU and iGPU, incresing the device performance and your productivity. The display brings clarity to documents and visuals, the keyboard feels natural from the first keystroke, and the touchpad is precise when you need it. Whether you're switching between apps, presenting to a group, or jumping on a call, it stays effortless.

SUSTAINABLE FEATURES

We prioritize the use of **recycled or recyclable materials** and the **reduction of hazardous substances** throughout our manufacturing process. Our devices contain up to **80% recycled plastic**[(1)].

Furthermore, the devices also have **Energy Star certification**, meaning they are submitted to rigorous third-party testing, ensuring the laptops consume less energy compared to similar non-certified models and resulting in cost savings and **reduced environmental impact**.
