

TURN T305

Grades 3 – 9

Learning beyond the classroom

Choose your learning style with **TURN T305**, a convertible device that promotes learning wherever you are. Small and portable, take it with you to class or switch to virtual learning with the help of Microsoft Teams. The keyboard includes keys for different Microsoft Office apps such as Word, Excel and PowerPoint, as well as shortcuts to Mute/Unmute, Accept or Refuse Call, and Raise Hand on Teams.

Purpose-built for Education

Designed to offer versatility and flexibility to young students, **TURN T305**, being a 360° device, can be used in tablet, tent or classic laptop mode. It includes a rotatable camera, that can come either with a Microlens or a Privacy Shutter, and a retractable carry handle for a safer and more comfortable transport. It also comes with an active stylus for various tasks that require a more precise touch, and a built-in garage to store it safely.

TURN T305 comes with **ikES**, a ready-to-use software package with several education apps, providing all the tools necessary to support teachers in the classroom and engage students in learning activities.

Drop resistant up to 122 cm

Dust and liquid spill resistant
IP52

Battery for a school day

Round edges & no sharp corners
For a safer user experience

Preloaded with Educational Software

jp.ik's contribution for sustainability

Our devices come with certified FSC Packaging. This means that it uses the least amount of materials possible, and that they all come from certified producers, with forest

management standards that protect water quality, old-grown forests, forest cover and prevent hazardous chemicals. Our devices are designed to be repaired, and together with their intrinsic ruggedness, their lifecycle will be far greater than normal.
