INSPIRING KNOWLEDGE EDUCATION SOFTWARE

Microsoft Intune

Intune for Education

Simplify device configuration and management for students and teachers to create great classroom experiences.

Help all students and teachers make the most of their time.
With **Intune for Education**, you can prepare a classroom in less than an hour and easily manage devices, users, and applications, giving teachers more time to teach and students more ways to learn and collaborate.

- Tools for teaching and collaboration through a single hub
- Easy management of users, data and devices through a single dashboard
- Protects data, creates a safer learning environment and ensures privacy
- Developed for Education

Main features:

Simplified management Streamline enrollment, deployment and management of classroom devices and apps your school already uses.

Easy Application Deployment Deploy apps to students and educators without touching each other's devices. Applications follow users on any device each time they log in.

Personalized experiences A personalized learning experience for each student, even on shared devices.

Safe and secure classrooms Secure your data, create a safe learning environment, and ensure privacy and compliance across all devices with Microsoft's comprehensive security solution.
