

MOVES102r

An enhanced mobile learning experience

MOVE S102r was developed in the current context of remote learning to offer the freedom to learn anywhere, anytime. It comes with an extra-wide 178-degree viewing angle that ensures a clear picture wherever the student is watching.

Purpose-built for Education

MOVE S102r includes a passive stylus for a more fluid use of the touch capabilities while promoting creative expression and a more engaging experience for students. The over 10 hours of battery life allows it to go on for the entire school day and explore beyond four walls.

 Although lightweight, it features a strong and durable design that was submitted to the MIL-STD-810G test procedures, meaning that it is drop, dust and water resistant. This leads to significant cost reductions - the rugged features offer more protection, avoiding frequent repairs and long downtime due to device failure while extending the product's life

Drop resistant up to 76 cm
MIL-STD-810G

Liquid spill resistant
IP52

Over 10h battery life

Round edges & no sharp corners
For a safer user experience

Product Specifications

OS • Android 12

CPU • MediaTek® 8168B Quad-Core

Memory • 4GB LPDDR4

Storage • 64GB eMMC

Display • 800×1280 | IPS | 10 Point Multi-Touch

I/O • 1x USB-C | 1x Micro SD | 1x Combo Jack | 1x micro-HDMI

Speaker & Mic • 2 x Speakers | 1 x Mic

Sensors • G-sensor | GPS

Connectivity • WiFi 5 | Bluetooth 5.0

Camera • Front 5MP | Rear 8MP

Battery • Li-Polymer z8000mAh 3.8V

Ruggedness • IP52 dust and water resistance, drop resistant up to 76cm (MIL-STD-810G)

Size and Weight • 262 x 178 x 12 mm | 660g

Accessories • Passive stylus
